How to use it

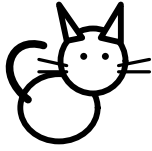

Say the sounds, then the word. /c/ /a/ /t/ ... cat.

1. One short vowel at a time: a, then i, then o.
2. Three letters only. No blends and no long vowels yet.
3. Match the picture, trace the word, then fill the middle letter.
4. Stop while it still feels easy. One page is plenty.

Say the sounds, then the word

Point to each letter. Say the sounds. Then blend them into the word.
