

Numbers 11–20

Trace, Count & Ten Frames

Sequel to Numbers 1–10 · early maths
For ages ~3–6/7 · Instant download

11 12 13 14 15 16 17 18 19 20

Example: 15 = ten and five more

How to use

1. Start with recognition & overview — say each teen number aloud.
2. Trace with a finger, then pencil: start at the teal dot, follow the arrow.
3. Count objects, colour them, and write the number.
4. Ten-frames show “ten and some more” — the teen number structure.
5. Finish with missing numbers, sequencing, and match games.

19

Nineteen

19 is for Nineteen

20

Twenty

20 is for Twenty

Trace the teens · 11–15

Start at each teal dot · trace the dotted digits · write on the lines

11 · Eleven

11

Three horizontal lines for writing practice: a solid top line, a dashed middle line, and a solid bottom line.

12 · Twelve

12

Three horizontal lines for writing practice: a solid top line, a dashed middle line, and a solid bottom line.

13 · Thirteen

13

Three horizontal lines for writing practice: a solid top line, a dashed middle line, and a solid bottom line.

14 · Fourteen

14

Three horizontal lines for writing practice: a solid top line, a dashed middle line, and a solid bottom line.

15 · Fifteen

15

Three horizontal lines for writing practice: a solid top line, a dashed middle line, and a solid bottom line.

Trace the teens · 16–20

Start at each teal dot · trace the dotted digits · write on the lines

16 · Sixteen

16

17 · Seventeen

17

18 · Eighteen

18

19 · Nineteen

19

20 · Twenty

20

Count & colour · 11–15

Count the pictures · colour them · circle or write the number

Count the stars

Circle:

11 12 13

Count the apples

Circle:

11 12 13

Count the flowers

Circle:

12 13 14

Count the fish

Circle:

13 14 15

Count the hearts

Circle:

14 15 16

Count & write · 16–20

Count the pictures · write how many on the line

How many balloons?

Write:

16

How many stars?

Write:

17

How many apples?

Write:

18

How many flowers?

Write:

19

How many circles?

Write:

20

Double ten-frames · 11–15

Ten and some more · count the dots · write the teen number

11

ten + 1

Build it · ten frames

Colour or draw dots to show each number (ten + some more)

12

Twelve

Colour 10 on the left · then colour the rest on the right

$10 + \underline{\quad} = \underline{\quad}$

14

Fourteen

Colour 10 on the left · then colour the rest on the right

$10 + \underline{\quad} = \underline{\quad}$

17

Seventeen

Colour 10 on the left · then colour the rest on the right

$10 + \underline{\quad} = \underline{\quad}$

19

Nineteen

Colour 10 on the left · then colour the rest on the right

$10 + \underline{\quad} = \underline{\quad}$

20

Twenty

Colour 10 on the left · then colour the rest on the right

$10 + \underline{\quad} = \underline{\quad}$

Missing numbers · sequencing

Fill in the blanks · numbers 11 to 20

1. Number path — write the missing numbers

11		13	14		16		18	19	
----	-------	----	----	-------	----	-------	----	----	-------

2. What comes next?

11	12	13	
15	16	17	
17	18	19	
12	13	14	

3. Count backwards from 20

20	19		17		15		13		11
----	----	-------	----	-------	----	-------	----	-------	----

4. Before and after

before & after 12: __ , 12 , __

before & after 15: __ , 15 , __

before & after 19: __ , 19 , __

Match numeral ↔ quantity

Draw a line from each number to the set that shows that many

14

match me

11

match me

18

match me

20

match me

16

match me

13

match me

Tip: count carefully — teens are ten and some more

Number · word · ten-frame

Match each row — colour the matching ten-frame for the number

11

Eleven

13

Thirteen

15

Fifteen

17

Seventeen

19

Nineteen

20

Twenty

Tick the ten-frame that matches the number on the left
